

USAID INDONESIA ASSISTED LOCAL GOVERNMENTS IN DEVELOPING MORE ROBUST REGIONAL ENERGY PLANS

In May 2017, USAID Indonesia supported Ministry of Energy and Mineral Resources in conducting a series of workshops to assist local government staff in developing regional energy plan. As many as 150 local government representatives from 25 provinces across Indonesia attended the workshops. Through this activity, USAID Indonesia is supporting the development of local database for energy planning that feed into the national plan and will be used improve the strategy to achieve the target of 97 percent electrification ratio by 2019.
